

**EPIPEN<sup>®</sup>**  
(Epinephrine) Auto-Injectors

# **Take Action Event**

*In Support of AAIA*

## *Take Action Against Reactions!*

Anaphylaxis is a serious allergic reaction that can be life threatening. More than one million Canadians are at risk of anaphylaxis. Take action this May in support of the Allergy/ Asthma Information Association (AAIA) and see how one small step can lead to big changes.

**Grow...** a community of parents, children and supporters who understand the challenges of living with **anaphylaxis, allergies** and **asthma**.

**Raise...** critical funds for research and education while increasing awareness and empowering the community.

**Share...** your story and learn from other families and peers who are managing **anaphylaxis, allergies** and **asthma** and striving for a better quality of life.

This May, join the thousands who are Taking Action Against Reactions at the **EpiPen<sup>®</sup> Take Action Event**.
